Outdoor Adventures

Ever wish you could climb mountains, construct a proper shelter, or build a fire with wet wood? In Outdoor Adventures, you'll learn these outdoor living skills. There's fishing, hiking, and more just waiting to be discovered.

Outdoor Adventures I

AGES 9-12

Campers learn the basics of wilderness exploration on adventurous hikes. Each session includes a one-night campout during the first week and a two-night campout during the second week, both at Hale. Many fun activities cover the essentials of camping, including setting up a tent, building a fire, and cooking meals. Skillful counselors offer appropriate challenges as they support and mentor each camper. OA I helps beginners acquire core skills and build self-confidence.

Outdoor Adventures II

AGES 10-12

Campers practice their new outdoor skills at Hale, then venture out into the Berkshires for a multi-day camping and hiking experience. A combination of teambuilding opportunities and introductory hikes cultivate trust and community throughout the trip, culminating in a summit attempt of Mount Greylock, the highest peak in Massachusetts. This trip is perfect for intermediate explorers who are ready to establish resilient friendships as they journey into the world.

Outdoor Adventures III AGES 11-13 (OR COMPLETION OF OA II)

This challenging experience tests campers' skills on a multi-day expedition in New Hampshire's storied White Mountains. The trip even includes a summit attempt of a 4,000' mountain! Two experienced guides teach campers to plan meals and navigate trails, fostering responsibility and independence. This trip is designed for campers eager to master the technical and interpersonal skills required for leadership. *Call Dylan Gschwind at 781-326-1770 for more information.*
